Who We Are

Accredited | Affordable | Accessible

Since 1995, HAI Group Online Training has led the industry in housing-focused training. We've helped more than 30,000 housing professionals earn over 5,000 certifications with courses that enable them to reach and exceed their goals.

Today, we help more than 3,000 housing organizations onboard new talent and build thriving teams.

An Everchanging Landscape

The public and affordable housing industry is constantly evolving. With new mandates and regulations, such as HOTMA and NSPIRE, you need an organization that understands housing and provides tools to help you succeed.

For more than 35 years, HAI Group, a member-owned organization founded by and dedicated to serving the public and affordable housing communities, has worked to preserve, protect, and promote the sustainability of affordable housing nationwide. As the nation's leading provider of public and affordable housing insurance, we understand the challenges you face and the solutions you need.

As part of this mission, HAI Group Online Training has been at the forefront, offering innovative courses to keep you ahead of the curve in a changing industry.

The third most common challenge for employees is restricted access to on-demand training, demonstrating a strong preference for **learning at their own pace and in their own time**. On-demand access to training is a key factor in creating a positive learning experience.

What Employees Want from L&D in 2024

Certifications

Affordable housing is a persistent need across the country, and the demand for competent, qualified professionals continues to grow. With our nationally recognized certifications, you'll have a long, stable, and satisfying career in housing.

We're staying on top of the changes in the housing industry. Are you ready for HOTMA and NSPIRE? We're here to help you navigate these new regulations and keep our content up to date. As part of our commitment to you, we'll notify you of any recent changes to our certifications, giving you immediate access to updated versions when necessary.

New Courses

Stay ahead of HUD's National Standards for the Physical Inspection of Real Estate (NSPIRE) with two new courses: the [*Nan McKay NSPIRE for Public Housing Certification*](#) and the [*Nan McKay NSPIRE for Housing Choice Voucher \(NSPIRE-V\)*](#). These two certifications will give you the necessary skills to become a proficient public housing inspector, detailing the three new inspectable areas, inspection frequency, scoring, and much more.

Updated Content

The [*Nan McKay HCV Specialist Certification*](#) provides you with an understanding of HUD's regulations for the HCV program and how to apply those regulations in the program's administration.

For HOTMA sections 102 and 104, our [*Rent Calculation for Public Housing and Housing Choice Voucher*](#) will help you understand what is included in and excluded from annual income, as well as how to identify and calculate income from assets, recognize and apply deductions to calculate adjusted income, and calculate total tenant payment (TTP).

Follow best practices for implementing fair housing law with our [*Fair Housing and Reasonable Accommodation*](#) course. This comprehensive course covers the two definitions of a disability, what constitutes a reasonable accommodation, patterns of discrimination, and much more.

Compliance

Compliance training helps organizations operate ethically and by the law. It promotes efficient work practices, helps mitigate risk, and fosters a culture of consistency, integrity, and accountability.

Featured Courses

Distinguish between mandated and optional public housing authority policies for denial of admission [*Criminal Records and Disparate Impact in Tenant Selection*](#). In this course, learn the meaning of disparate impact to better understand the differences between criminal conduct that does or does not indicate a risk of threat.

In [*Eligibility and Requirements for Non-Public Housing Over-Income Families*](#), learn what determines an over-income limit, how to calculate these limits, and what processes you should follow once a family is over-income.

Applying the appropriate housing policy to different classes of animals can be challenging. In [*Service Animals, Support Animals, and Pets \(Public Housing\)*](#), you will learn how to define and categorize these different classes, work to establish a baseline for authorized animals, including restrictions on the breed and size of the animal, and examine reasonable requirements a housing authority can include in policies that involve assistance animals and pets.

27% of adults in the United States have some type of disability. There are approximately 500,000 service dogs in the U.S. ([*Paws for Thought Report*](#))

Bonus Content

We hosted a question-and-answer session with Cara Gillette, senior consultant from Nan McKay and Associates, to answer burning questions about service animals, support animals, and pets in public housing. [**Be sure to check it out.**](#)
